

REMARKS

At the outset, the Examiner is thanked for the thorough review and consideration of the pending application. The Office Action dated May 18, 2005, has been received and its contents carefully reviewed.

Claims 1-4 and 14 are rejected and claims 5-13, 16 and 16 are objected to by the Examiner.

In the Office Action, claims 1-4 and 14 are rejected under 35 U.S.C. § 103(a) as being unpatentable over U.S. Patent Publication No. 2004/0130538 to Lin (hereinafter "Lin").

However, Applicants note that Lin does not qualify as prior art due to the fact that the U.S. filing date of Lin, July 23, 2003, is after the March 28, 2003 priority date of the present invention. Applicants submit herewith certified translations of the priority Korean Patent Applications 10-2003-001957, filed on March 28, 2003, and 10-2003-0019582, filed on March 28, 2003. Accordingly, Lin is not prior art against the present patent application, and Applicant respectfully requests the withdrawal of the rejection of claims 1-4 and 14.

If for any reason the Examiner finds the application other than in condition for allowance, the Examiner is requested to call the undersigned attorney at (202) 496-7500 to discuss the steps necessary for placing the application in condition for allowance. All correspondence should continue to be sent to the below-listed address.

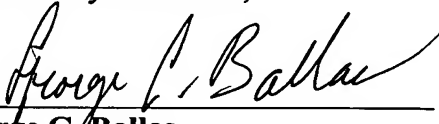

If these papers are not considered timely filed by the Patent and Trademark Office, then a petition is hereby made under 37 C.F.R. § 1.136, and any additional fees required under 37 C.F.R. § 1.136 for any necessary extension of time, or any other fees required to complete the
